

## **Build Site Volunteer**

### **Who you report to:**

Build Site Supervisor(s), Jay and Nathan

### **What you can expect to work on:**

You will contribute to the various aspects of home building. The majority of the construction work on our homes is completed by volunteers, so you could be framing a house, installing floors, painting, cleaning, and so much more. You are not expected to do anything you are uncomfortable with.

### **Habitat's mission... and how you fit into it:**

South County Habitat for Humanity (SCHH) brings people together to build homes, community, and hope. Your role is to contribute to the construction of Habitat for Humanity homes, which will be safe, decent, and affordable shelter for hardworking, low-income families.

### **Position Duties Include:**

- At the direction of Site Supervisors and Crew Leaders, complete tasks assigned to your group
- Adhere to construction safety requirements and inform the site Supervisor if you do not feel comfortable with a particular task (climbing ladder, using power tools, etc)
- Learn how to properly use power tools where appropriate
- Clean-up work area at end of shift
- Complete assigned jobs to best of ability
- Tasks include, but are not limited to: painting, framing, using power tools, carpentry, cleaning, site preparation and other related tasks

### **Skills and Requirements:**

- You do not need any prior construction experience to join us on the build site
- Volunteers must be 16 years of age or older. Volunteers aged 16 and 17 need guardians to sign their volunteer waivers
- Ability to follow clear instruction to complete tasks
- Willingness to learn various construction duties and work on all tasks

### **Time Commitment:**

Build site volunteers are welcome to join us for one build day or multiple days a month. Those wishing to learn the construction trade will benefit from a weekly volunteer routine.
